- Insurance fraud is the 2nd most costly financial crime in the United States behind tax evasion
- Quickly becoming a crime of choice for organized criminals due to its low risk and high rewards
- Estimated annual loss — More than $120 billion
  - $40 billion — Property and Casualty (Source: FBI)
  - $80 billion — Health Care (Source: FBI)
- Insurance fraud impacts everyone
  - The Coalition Against Insurance Fraud estimates that up to 30% of a policy holder's insurance premium is due to charges added to cover industry losses from insurance fraud.
- 42 states have created Insurance Fraud Investigation units to combat insurance fraud
  - Many, like Utah, are funded through assessments to the insurance industry while others are funded through general taxpayer funds

Insurance Fraud Division (IFD) Organization:

- In 1995 the Legislature granted authority to the Insurance Commissioner to investigate violations of the Insurance Fraud Act, and to employ certified law enforcement investigators. (31A-2-104)

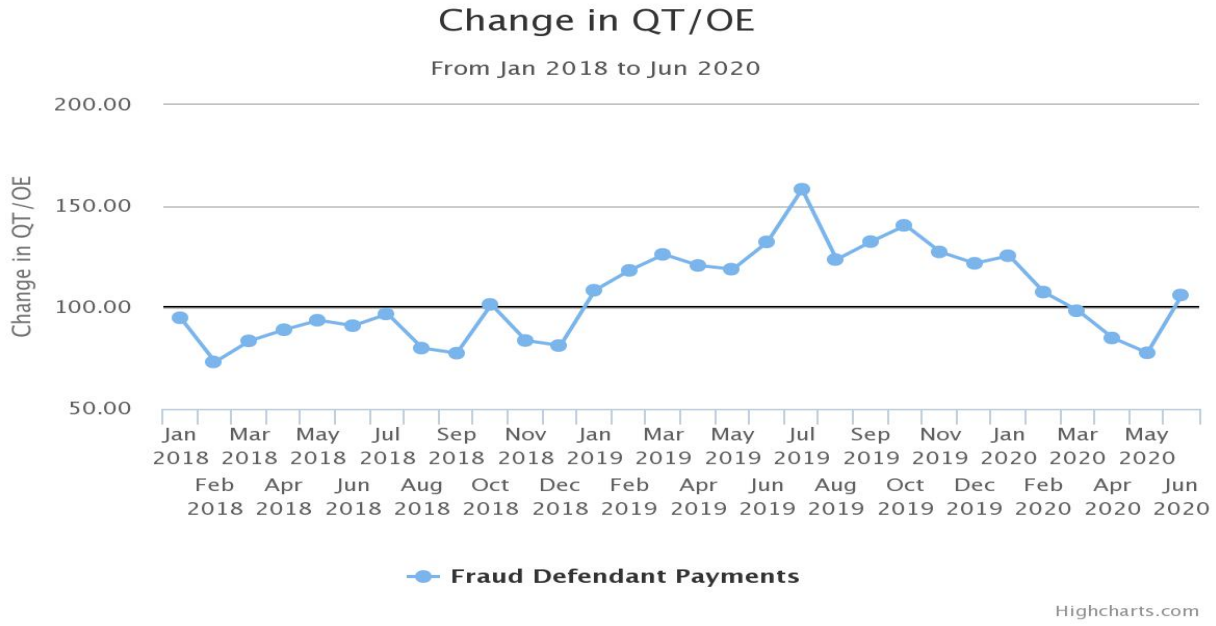
FY2020 Results

- The IFD moved to a new records management system toward the end of FY2019. We have been working with the vendor to create enhancements for reporting and to implement success measures for investigators. We are currently testing these enhancements in a test environment in preparation of moving them to production for use.
- The IFD received 1,094 fraud referrals in FY2020 which was an increase of 12.5% from FY2019.
- 302 of these referrals were assigned for investigation.
- IFD investigators filed criminal charges through the Attorney General's Office against 73 defendants related to their insurance fraud investigations. (Note: Courts were closed due to COVID19 for several months FY2020 year-end) Since courts have re-opened we have filed 30 additional cases with the courts – most of which were from FY2020 but will be credited in FY2021.
- The potential monetary loss attributed to these 73 defendants was $688,126.
- The IFD was successful in collecting $215,062 in restitution for victims of insurance fraud.

Success Measures - Defendant Restitution Project Results

For the past 30 months, we have been tracking success measures in regards to recovery of restitution from defendants. The goal has been to reduce the number of defendants who are delinquent in making monthly restitution payments. The byproduct of which would be an increase in the number of defendants paying restitution and a reduction in orders to show cause which take time away from attorneys, investigators, and legal staff in their current investigations.

Below is a graph showing our change is QT/OE for this time period.



In FY2020, we added 67 new defendants owning $288,320 in restitution. Through the ebb and flow of adding new defendants and older defendants completing their restitution requirements, we averaged 96 active defendants, which was a reduction from 114 in FY2019. We have collected payments from 123

different defendants with more than 520 payments totaling $231,733. We typically average 38-40 defendants who are delinquent in making payments.

Rehabilitations/Liquidations

The Insurance Department regulates the business of insurance. It monitors the financial condition of insurance companies incorporated in Utah. When an insurance company becomes impaired, insolvent or engages in activity hazardous to the company, the Insurance Commissioner is authorized to petition a Utah court to place the company into formal rehabilitation or liquidation proceedings. Such proceedings are court-supervised receiverships in which, as mandated by statute, the Insurance Commissioner is appointed by the court to act in the capacity of a rehabilitator or a liquidator.

Once a court issues an order of rehabilitation or liquidation, the policyholders, creditors, and other potential claimants are notified that the company has been placed into a formal delinquency proceeding. If the company has been placed into liquidation, the Liquidator receives and processes the claims of the company's policyholders, creditors, and other potential claimants. The Liquidator also proceeds to marshal all assets of the company for the benefit of policyholders, creditors, and other claimants.

Once the claims against the company are known and classified, and the assets available to satisfy those claims are known, the claims are presented to and approved by the court. Court approved claims are thereafter paid to the extent the assets will allow.

During 2019, the Utah Insurance Commissioner, acting as Liquidator, administered the **liquidation** of the following Utah insurance companies:

- American Protectors Insurance Company
- Arches Mutual Insurance Company
- National Annuity Company
- Wasatch Crest Insurance Company
- Wasatch Crest Mutual Insurance
- Western Insurance Company

During 2019, the Utah Insurance Commissioner, acting as Liquidator, continued with the **rehabilitation** of:

- Liberty First Risk Retention Group

Please see http://www.utinsreceivers.org/ for further information about some of these companies.
