Title

2. Title of rule or section (catchline):
 Bail Bond Surety Business

Notice Type

3. Type of notice: Amendment

Rule Purpose

4. Purpose of the rule or reason for the change:
 The change streamlines the process for bail bond agencies to obtain initial and renewal licenses, eliminates provisions that duplicated the content of statutes, and streamlines the process for obtaining input from the Bail Bond Oversight Board on investigations of code violations conducted by the Insurance Department.

Response Information

5. This change is a response to comments by the Administrative Rules Review Committee.
No

Rule Summary

6. Summary of the rule or change:

The changes are as follows: 1) Initial and renewal licenses can be obtained by submitting to the Insurance Department an application, proof that statutory financial requirements are met, and an application fee; and 2) When the Insurance Department completes an investigation of a possible code violation, it will report its findings and recommended disposition to the Board which will then provide input, and after receiving this input, the Department makes the final decision on disposition.

Aggregate Cost Information

7. Aggregate anticipated cost or savings to:

A) State budget:

Affected: No

It is expected that the State will see some savings because the Department will spend less time reviewing initial and renewal applications, and will require less steps in the process for the Bail Bond Board review of Department investigations. However, the potential savings cannot be calculated with any reasonable certainty.

B) Local government:

Affected: No

There is no anticipated cost or savings to local government because the rule solely applies to the interactions between the Insurance Department and its licensees.

C) Small businesses:

Affected: No

("small business" means a business employing fewer than 50 persons)

Bail bond agencies should see some savings because they will spend less time preparing applications for an initial license and at renewal. The amount of savings cannot be determined with any reasonable certainty.

D) Persons other than small businesses, businesses, or local government entities:

Affected: No

("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency)

There is no anticipated cost or savings for any other persons.

Compliance Cost Information

8. Compliance costs for affected persons:

There are no compliance costs for any affected persons.

After conducting a thorough analysis, it was determined that this proposed rule will not result in a fiscal impact to businesses.
