**BULLETIN 2024-5**

To: Insurers Offering a Health Benefit Plan  
From: Jonathan T. Pike, Utah Insurance Commissioner  
Date: April 24, 2024  
**Subject: Calendar Year 2025 Insulin Prescription Caps**

The Utah Insurance Department issues this Bulletin pursuant to Utah Code § [31A-22-626](#), Coverage of Diabetes, and Utah Admin. Code [R590-200](#), Diabetes Treatment and Management. This Bulletin notifies an insurer offering a health benefit plan of the annual inflation adjustment cap to the average wholesale price for insulin.

A policy issued or renewed during the 2025 calendar year with a 30-day prescription supply must offer at least one insulin in each therapy category. A 30-day prescription supply cap is set at \$25.00 for § [31A-22-626\(4\)\(a\)](#) and \$90.00 for § [31A-22-626\(6\)\(b\)](#).

The calculation of the insulin cap is based on data provided by the Public Employees Health Plan (PEHP). PEHP calculated the Average Wholesale Price per Milliliter (AWP/mL) of insulin for calendar years 2019 through 2022. PEHP included all modes of insulin and all therapy categories in the calculation of the average AWP/mL.

Calendar Year	Avg AWP/mL	% change in AWP/mL
2019	\$40.18	n/a
2020	\$37.85	-5.8%
2021	\$36.31	-4.1%
2022	\$36.83	1.5%
2023	\$37.64	2.2%

For 2025 plans, the \$30 and \$100 caps in place for 2021 are adjusted as follows:

$$2025 \text{ cap} = (2023 \text{ Avg AWP/mL} / 2019 \text{ Avg AWP/mL}) * \text{Base Cap}$$

or

$$2025 \text{ low cap} = (37.64 / 40.18) * \$30 = \$28.10, \text{ rounded down to the nearest multiple of five dollars} = \$25$$

2025 high cap =  $(37.64 / 40.18) * \$100 = \$93.68$ , rounded down to the nearest multiple of five dollars = \$90

The annual price of insulin through the Utah Insulin Savings Program, pursuant to § [31A-22-626\(6\)\(a\)](#), is available at <https://www.utahinsulin.net/>.

NOTE: In prior years, the cap has been rounded to the nearest dollar. The rounding method described in [R590-200](#) is being updated concurrently with this bulletin to reflect the new method of rounding down to the nearest multiple of five dollars.

An insurer with questions related to this Bulletin is advised to contact the Health and Life Division at [health.uid@utah.gov](mailto:health.uid@utah.gov).

DATED this 24th day of April 2024.

A handwritten signature in blue ink that reads "Jonathan T. Pike". The signature is written in a cursive style with a large initial 'J' and a long horizontal stroke at the end.
