Appendix 2: Regulatory Impact to Non-Small Businesses

This change in proposed rule is not expected to have any fiscal impacts on large businesses revenues or expenditures, because its main purpose is to clarify that an insurer may only exclude coverage for an insured's participation in an illegal activity if the insured is found guilty in a criminal proceeding, or liable in a civil proceeding. Other than the revision to the illegal activities provision, this rule adopts standards that are currently required under an administrative rule that applies not only to managed care contracts, but also other types of contracts.

The head of the Insurance Department, Todd E. Kiser, has reviewed and approved this fiscal analysis.

**"Non-small business" means a business employing 50 or more persons; "small business" means a business employing fewer than 50 persons.
