General Information

2. Rule or section catchline:
R590-288. Limited Line Producer Line of Authority for Pet Insurance

3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
This rule is created to recognize a limited line license that authorizes insurance agents to sell pet insurance.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
This rule allows insurance agents to apply for a limited line license to sell pet insurance.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
This rule may result in a trivial savings to the state budget. A pet insurance limited line license will take less time for the Department to process than a property insurance full line license that is now required to sell pet insurance.

B) Local governments:
There is no anticipated cost or savings to local governments. This rule only applies to an agent who applies to sell pet insurance.

C) Small businesses ("small business" means a business employing 1-49 persons):
There is no anticipated cost or savings to small businesses. This rule only applies to an agent who applies to sell pet insurance.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There is no anticipated cost or savings to non-small businesses. This rule only applies to an agent who applies to sell pet insurance.
Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

An insurance agent who sells only pet insurance, or who sells pet insurance along with another line of business aside from property insurance, will see a biennial savings of $25 compared to the current process. It is impossible for the Department to estimate the aggregate fiscal impact of this rule because the Department cannot know the number of agents who want to be licensed to sell pet insurance. Currently, pet insurance may be sold by a veterinarian or any agent with a property insurance license, but because pet insurance is not separated from property insurance, we are unable to estimate how many agents sell it.

Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There is no compliance cost for any affected persons. This rule simply allows an insurance agent to more easily apply to sell pet insurance. If a licensed agent chooses to apply, they will pay $45 for a pet insurance limited line license instead of $70 for a property insurance license.

Comments by the department head on the fiscal impact this rule may have on businesses (Include the name and title of the department head):

After conducting a thorough analysis, it was determined that this proposed rule amendment will not result in a fiscal impact to businesses. — Jonathan T. Pike, Insurance Commissioner
