### **Immediate Action Required**

### **Policy Termination Guidelines**

Please notify policyholders that all policy renewals are suspended, effective September 19, 2025, and their existing CUIC policies will terminate on the earliest of the following dates:

- October 20, 2025
- The policy s natural expiration date
- The date the insured replaces coverage with another insurer
- The date the insured voluntarily terminates the policy
- Automatic termination for nonpayment of premiums as outlined in your policy, if your payment was due and not received by September 19, 2025.

### **Next Steps**

The liquidator will issue a formal notice of liquidation in the coming weeks, which will include instructions for policyholders regarding the claims process.

### **Records Preservation**

We ask that you preserve all CUIC-related policy files and refrain from destroying any associated records. Please consult the Liquidation Order for additional guidance.
