# Utah Insurance Department—File Upload

forms.uid.utah.gov

forms.uid.utah.gov/insurance/fileUploads

File upload can be accessed a couple different ways. The most common is on the department's forms menu. It can also be linked to from other locations on the web, or as in the case of the new captive insurance online application, from within the application.

Customer's View

Division Pick List

Customers will need to choose the division to send the files to.

Choose File(s)

Customer clicks to add file to upload

Add File

Allows multiple files to be uploaded

Upload File(s)

Limit of 10 megs combined

Files Waiting for Processing

Customer's files that have not yet been downloaded by UID staff.

Customers will have to create an account before they can upload files.

Application encrypts each file on upload making it more secure than email.

File types allowed are limited.

- Text—txt, pdf, doc, docx, xls, xlsx, ods, odt
- Images—tiff, tif, bmp, png, gif, svg, jpg, jpeg
- Audio/Video—mpg, mepg, wav, mp3, mp4, avi
